

## BOHEMIAN JOIN ITALIAN TROOPS

**Soldiers Of Dual Monarchy In Numbers Desert To Allies.**

## AMERICANS IN VICTORY

**Gen. Pershing's Men Inflict Heavy Losses On The Enemy.**

With the French Army in France, May 1.—A heavy German attack launched yesterday against the Americans in the vicinity of Villers-Bretonneux was repulsed with heavy losses for the enemy. The German preliminary bombardment lasted two hours, and then the infantry rushed forward, only to be driven back leaving large numbers of dead on the ground in front of the American lines.

The German bombardment opened at 5 o'clock in the afternoon and was directed especially against the Americans, who were supported on the north and south by the French. The fire was intense, and at the end of two hours the German commander sent forward three battalions of infantry. There was hand-to-hand fighting all along the line as a result of which the enemy was thrust back, his dead and wounded lying on the ground in all directions. Five prisoners remained in American hands.

The struggle, which lasted a considerable time, was extremely violent, and the Americans displayed marked bravery throughout.

It was the first occasion in which the Americans were engaged in the big battle which has been raging since March 21, and their French comrades are full of praise for the manner in which they conducted themselves under trying circumstances, especially in view of the fact that they are fighting at one of the most difficult points on the battlefield.

The American losses were rather severe.

### Enemy Army Joins Allies.

The Bohemian troops are joining the Italians against Austria, according to the London Mail's correspondent at Italian headquarters. Even now some of the Bohemians are on the Italian line, clad in Italian uniforms.

This information has passed through the hands of both Italian and British censors and would therefore appear to be authentic. The defection of the Bohemians would in a measure explain the delay in the proposed great offensive, long heralded, of the Austrians against the Italians.

Prague, capital of the crownland of Bohemia, has recently been the center of riotous demonstrations against Germany and the Germans. The Austro-Hungarian Foreign Minister Count Czernin, has been strongly denounced and President Wilson and the Entente allies have been cheered. The Czech members of Parliament, together with the Slovene and Serbo-Croat delegates have been leaders in the opposition to German rule.

American troops around Villers-Bretonneux, engaged for the first time in the great battle on the French front, have repulsed a stern German attack, preceded by a heavy bombardment and carried out by three battalions of infantry. The Germans left many dead and wounded before the American lines. The American losses are reported as "rather severe."

Having been defeated with enormous losses in every phase of the fighting around Ypres, the Germans have attempted no further onslaughts. Inaction prevailed Wednesday before the positions held by the British and French troops, especially those in the hands of the British, which it had been the ambition of the Germans to capture.

Since Monday what activity there has been in this region was carried out by the British and French, both of whom have materially bettered their positions—the French near Loire and the British at Meteren. On both sectors ground was captured and prisoners were taken.

The pause in the offensive, however, apparently is not to be taken as

meaning the end of the German attempts to crack the allied line. All along the front the big guns are roaring and shells of all calibers are plowing the terrain and the areas far behind them, and fresh German reserves, to take the places of the thousands of men killed, wounded or made prisoner, are being hurried to the front.

Indeed, advices from the British front in Flanders are to the effect that another furious drive by Von Armin is in immediate prospect. Emperor William has been at the front delivering flamboyant speeches to the troops in an endeavor to spur them on to victory.

### Shell Deluge Continues.

Meanwhile British and French artillerymen are sending a veritable rain of shells on Mont Kemmel, the chief point of vantage gained by the Germans in the Ypres sector. Thus far the allied guns have held back all attempts by the enemy to reinforce his men on the hill, and if the good work is kept up the hilltop is likely soon to prove to be a death trap for its captors.

Nothing as yet has been vouchsafed regarding the inter-allied war council which is holding session at Versailles which are expected to bring forth decisions of great moment. Representatives of all the allies are in attendance. Great faith in the ability of Gen. Foch and the allied commanders on the western front again has been expressed by M. Clemenceau, the French premier. Returning from a visit to the front the premier said he considered the line stable and that as a result of the steps taken by the various commanders it was outside the realm of immediate danger.

The fighting on all the other fronts except in Palestine and Mesopotamia, continues of a minor character. In both the latter theaters, however, the British have returned to the attack and gained important successes over the Turks. Progress has been made north of Bagdad along the Tigris River and in Palestine several positions have been captured and prisoners taken.

### OUR BANK RESOURCES.

Ohio county has six banks with combined resources of \$1,500,000. The combined capital stock is \$135,000; Third surplus is \$82,000 and their loans amount to \$734,658. Their deposits amount to \$1,310,344. Of this amount \$404,343 is time deposits and \$906,001 is subject to check. The banks in order of volume of business are: The Beaver Dam Deposit Bank, The Bank of Hartford, The Bank of Fordsville, The Farmers Bank, of Centertown, The Citizens Bank, of Hartford and The Rockport Deposit Bank. These banks have in cash on hand or due from other banks \$534,928, or nearly a sum equal to their loans. This condition is a certificate of good health to the banks, but an evidence of small earnings on the volume of business.

### RE-ELECT TEACHERS.

A recent meeting of the School Board re-elected all the faculty now teaching in the Hartford High School.

The instructors are: High School, Profs. J. P. Bruner, Henry Leach and Miss Lella Glenn; Seventh and Eighth grades, Prof. J. T. Hoagland; Fifth and Sixth grades, Miss Norine Barnett; Third and Fourth grades, Miss Cliffee Felix, and Primary grade, Miss Elizabeth Moore. With the opening of the fall term Domestic Science will be taught by Miss Elizabeth Moore. Miss Moore will go to Bowling Green during vacation to take special training for teaching the new department.

### AN EDITOR HAPPY.

Editor W. H. Combs, of the Hartford Herald, is as happy as a June bug over that brand new girl at his house. The young lady arrived Tuesday, and it was the first visit of the stork to the home of Mr. and Mrs. Combs. Inclined as we are to congratulate our fellow editor, we can not escape a feeling of sympathy for an editor whose household expenses are increased.

### AN UNSTRUNG BEAD.

Visitors to Circuit Court, next week, need not hesitate to leave whips in buggies and rugs in automobiles—Tinsley and the crowd that gangs with him will be at the mouth of Grassy fishing.

## PRISON BARS FOR 29 TOOLS OF HUN

**German Conspirators Sentenced By Judge In San Francisco.**

San Francisco, April 30.—One lurid chapter in the history of Germany's intrigue to win mastery of the world was closed to-day when United States District Judge William C. Van Fleet pronounced sentence upon twenty-nine Germans, Americans and Hindus, convicted of having conspired to overthrow British rule in India.

The trial of the principals in the world-wide conspiracy was a series of sensations, including exposures of criminal German diplomacy and the shooting to death of two Hindu defendants in the court-room a week ago.

The total of the prison terms imposed was twenty-three and two-thirds years and the fines totaled \$64,000.

Louis T. Hengstler, San Francisco admiralty lawyer, was the only defendant to escape a prison sentence. Judge Van Fleet remitted a jail term of four months after Hengstler made a plea to the court, asserting his Americanism and denouncing German imperialism. A fine of \$5,000 remained against him.

### Cats' Paws Of Prussia.

Guilt for the conspiracy was placed squarely on the German supreme command. Judge Van Fleet characterizing the Hindu conspirators as mere cats' paws of the "ruthless Prussian military system." He told them that had their revolution succeeded and they had been placed under such a system they would have spared no effort to escape it.

The German foreign office, embassy at Washington and consulate at San Francisco were the nerve centers for the world-wide plot to wrest India from England. Judge Van Fleet declared in sentencing Franz Bopp, Wilhelm von Brincken and E. von Schack, the heads of the consulate. Bopp and von Schack were given the maximum sentences provided by the laws for violating neutrality, two years' imprisonment and a \$10,000 fine each. Von Brincken was sentenced to serve two years, this sentence to run concurrently with a similar judgment hanging over him as a result of his conviction for participation in bomb and dynamiting plots against the government in Canada.

Judge Van Fleet indicated that no action would be taken to deport the Hindu defendants in the event they refrain from revolutionary actions after completing their prison terms.

### Sentence Continues.

Unusual precautions were taken to-day because of the tragedy of last Tuesday when Ram Singh, a defendant, shot and killed Ram Chandra, another defendant, and was in turn shot dead by United States Marshal James B. Holohan. All spectators were searched for weapons and the military guard which had been in attendance throughout the trial was increased. The Hindu defendants were subject to three separate examinations of their clothing.

"The people of this country are taking the law into their own hands, much as we regret it," Judge Van Fleet said, in warning the Hindus not to return to their propaganda activities when they are freed from prison. "This country will not stand for any activities of this sort, directed against either herself or her allies."

The judge's statement followed a declaration by John W. Preston, United States district attorney, that the Hindus in this city "still have two presses turning out barrels and bales of seditious literature every day."

### MIDNIGHT ELOPEMENT

Tuesday midnight, with the world wrapped in quiet slumber and only the stars on guard, Mr. Otis Colburn and Miss Mayme Pearl Austin, both of Beaver Dam, stole silently away, and following the guiding brilliancy of the north star, ere the sun had risen, were in Indiana's southern Gretna Green. The young pair were given a hearty welcome by those obliging officials whose fees are fed by Kentucky run-away couples. Few and short were the prayers the Rockport Justice said, but they were enough, and long before another sunset the happy pair were home again to receive the parental blessing.

## NEW RECORD FOR SHIP BUILDING

**April Output Is 240,000 Tons Or 9,000 For Each Day.**

Washington, Apr. 30.—A total output of 240,000 tons of new shipping for the month of April was reported to the shipping board to-day by commissioner of Navigation Chamberlain. Two-thirds of the tonnage was constructed in the last half of the month.

At that rate the output for the year would approach three million tons, but shipping board officials are looking forward to much higher monthly totals as building gets under way. The best previous month's construction was June of last year, when 288,154 tons was built. The total in March was 166,700 tons.

The shipping board's own figures on April construction will not be announced until completed reports have been received from all shipyards. Those from the Pacific coast yards may not be at hand before the middle of next week.

"To the lay mind unaccustomed to shipbuilding figures," said a statement by the board making public Mr. Chamberlain's report, "this total of 240,000 tons may not seem very impressive. But it means that during the twenty-six working days in the month there were turned out on an average of 9,000 tons of ship construction a day."

### PATRIOTIC RALLY.

The fourth Patriotic Rally will be held at the Methodist church here Sunday. Entertaining speakers and well-selected musical program will be the features of the meeting.

This is an hour of great national need, and we want to counsel together about means of defense. It is the purpose to make this a county meeting, and citizens from every part of the county should attend. The day will be well and profitably spent by all who attend. It is a patriotic duty to lend your presence to encourage those who are making personal sacrifices to arouse the public to its proper sense of duty. Be here.

### OFF FOR CAMP TAYLOR.

Thirty one white and eight colored men left Hartford Monday morning, over the M. H. & E. via Owensboro, for Camp Taylor. The boys came into Hartford Sunday afternoon, and were furnished homes by the good people of Hartford for the night, after which they gathered at the exemption board rooms Monday morning to organize for the trip. Before going to the depot the boys were photographed, white and colored groups separately, by Mr. Schroeter and also by Rev. A. D. Litchfield.

A large body of citizens marched with the boys to the depot to bid them god-speed on their perilous journey. The colored people of Hayti turned out en masse to see this first batch of colored boys off for camp. As has happened on previous occasions the separations of the boys and their families and friends was tearful and touching.

### MORE SMALLPOX

It is reported from Horse Branch that Serman Ezell, a merchant, has a severe case of Smallpox. The disease having made considerable progress before its nature was discovered, there is serious danger of the spread of the disease in that community.

### MRS. SCHAPMIRE DEAD.

Mrs. C. F. Schapmire died at her home here Monday night, after about two years of illness from Bright's disease. After funeral services, conducted by Rev. R. D. Bennett, her remains were laid to rest in Oakwood cemetery. Before her marriage, Mrs. Schapmire was a Schlemmer, and was born in Germany 72 years ago. She came to this country with her parents when about five years old. The family settled at Tell City, Indiana, where she married Mr. C. F. Schapmire in 1866.

Mrs. Schapmire leaves a husband and eight children: William F. Schapmire, of Hartford; Henry E. and James N. Schapmire, of Bloom-

ington, Illinois; Louis Schapmire, of Jacksonville, Texas; Mrs. J. H. Hoover, Midland, Tenn.; Mrs. J. M. Mattingly, Campbell's Hill, Ill.; Mrs. R. L. Tweddell, Calhoun, Ky., and Mrs. J. W. Thomas, Hartford.

The Schapmires came to Hartford fifty years ago, and are the best of citizens, and have a large circle of friends who extend the profoundest sympathy to the husband and children in their loss of a devoted wife and mother.

## UNAVOIDABLE BREAKDOWN

On account of an unavoidable breakdown in the gasoline engines, of both this office and the Hartford Herald office, we were delayed in the issue of The Republican this week. We regret the unfortunate delay, but it was physically impossible for us to avoid it. It was a condition, not a theory that confronted us.

### DRAG NET THROWN OUT.

The recent statute requiring all persons over sixteen and under fifty years of age to labor no less than thirty six hours a week, is going to be enforced in Ohio county. The drag net has been thrown out, and already two young men have been caught in its meshes.

Hurbert Balls and Laws Hays, two young men of Simmons, have been summoned to appear in county court to account for their non-employment. Additional warrants for vagrancy will be issued this week. With the country facing a food famine no able bodied man has a moral right to remain idle, and the county officials are determined to see that every one performs some useful labor. The fact that the idle man has ample means for his support will in no way affect the action of the court in seeing that everybody goes to work. The halcyon days of the loafer are over, at least for the period of the war.

### CLEAN UP DAY AHEAD.

Before the fall term of the public schools open Superintendent Howard will designate a cleanup day for all the school property in the county. Patrons and pupils will be asked to meet at their respective school houses and to thoroughly clean up the buildings and grounds. This is a good movement, and the Superintendent should have the hearty co-operation of the public in setting the school property in order.

### OUT ON BOND.

Willie Caloway, the McHenry boy arrested sometime ago charged with injuring the property of another, in breaking the seal on an Illinois Central railroad car, was put on trial in county court Saturday. After hearing the evidence the court, on account of the boy's age, put him under bond for good behavior and released him. He will be required to report his conduct to the court from time to time.

### ROAD ENGINEER QUILTS.

Mr. H. O. Harding, of Campsville, State road engineer, who has been looking after road work in Ohio county for several weeks, left yesterday morning for Cadiz, Trigg county, where he will engage in road work. In addition to representing the State, Mr. Harding will be employed as county engineer for that county. Trigg county has recently voted a bond issue for road purposes, and has very wisely selected a competent engineer to superintend the spending of the money.

### COURT HOUSE WEDDING.

Mr. Onis Evans and Miss Polly Daniel were married at the court house Wednesday morning. Judge Cook did the honors of the nuptial ceremonies. Mr. Evans is 20 years old, and the son of Mr. Robert Evans, of Narrows. Miss Daniel is 18, and the daughter of Mr. J. R. Daniel, of Fordsville.

## HUNS ARE MOWED DOWN IN WAVES

**Greatest Slaughter Since War Began Is Dealt Kaiserites**

## 15 DIVISIONS USED

**Immense Concentration On Small Front Avails Nothing.**

London, April 30.—The correspondents with the British army agree that the enemy yesterday suffered nothing less than a disastrous defeat. It was the first phase of the battle in desperate attempts to capture the line of hills held by the Allies which endangered his possession of Mont Kemmel. The Germans have probably used thirteen divisions from the east of Ypres southward on the line of battle, with two more northward, and the violence of the gunfire was never greater or more unceasing at any period of the war.

The successful Allied defense made the day the bloodiest yet experienced by the enemy, as attack after attack was smashed by artillery and infantry fire. The Germans had already suffered heavily on Sunday, when their concentrations of troops were caught and shattered by gunfire. Their waves yesterday were mowed down and the British wings and French center neither bent nor broke.

With The British Army, April 30.—In front of the defending positions gray uniformed men lay in great numbers to-day, representing the awful price paid by the Germans in their attack. This morning the Allied lines in Flanders were to all intents the same as when the Germans surged forward yesterday.

At one time yesterday the Germans appeared to have some men on the lower slopes of both Mont Rouge and Scherpenberg after they had succeeded in driving a small wedge into the French lines between these two elevations. Things looked critical, but the French counter attacked determinedly and re-established virtually all the old positions.

Thus far the German capture of Kemmel Hill has done them little good, for the Entente Allied artillery has kept the crest so smothered in shellfire that it has been impossible for the enemy to occupy it in force.

Fierce fighting continued about Loire all of yesterday. The enemy sacrificed a great number of men. At the ridge wood west of Voormezele also, heavy fighting continued throughout the day and the number of German casualties in that region was great. It is impossible to say how many attacks the enemy made in the course of the day. They came forward in waves throughout long hours.

To-day's report from the Flanders battlefield only serves to emphasize the completeness of the victory won by the Anglo-French forces yesterday in withstanding the tremendous assault by which the Germans hoped to break into the Allied hill positions southwest of Ypres and begin cutting their way on toward the channel ports.

The situation seems to have been one of the Entente high command deciding once more to make a stand after having forced the Germans to use up tens of thousands of men in fighting their way desperately forward as far as they have. The decision made, the stand was taken, and the Germans were stopped, as they have been previously on other fields since the great offensive opened on March 21.

The enemy, it is estimated, threw as many as thirteen divisions, or about 175,000 men into the attack on this twelve-mile front, but despite continued furious assaults was held almost in his tracks everywhere. At a few points there was a slight enemy penetration, but the line was largely rectified late yesterday. During last night the French, in dashing counter blows, drove the Germans from the remainder of the small stretches of ground they had gained in their initial drives of the day.

# JUST BEFORE HE WENT "OVER THE TOP"

As an illustration of the lofty sentiment possessed by men who die on the European battlefield in the war for democracy and a reminder for Americans who may be backward in contributing to the Third Liberty Loan for the same great cause, the Liberty Loan Committee has made public the last letter written by Captain V. G. Tupper, of the Canadian Scottish Sixteenth Battalion, to his father, Sir Charles Hibbert Tupper, before his death at the battle of Vimy Ridge last April. The soldier wrote:

My Dear Father—I am writing one of these "in case" letters for the first time, and, of course, I hope you will never have to read it. If you are reading it now, you will know that your youngest son "went under" as proud as Punch in the most glorious day of his life. I am taking my company "over the top" for a mile in the biggest push that has ever been launched in the world, and I trust that it is going to be the greatest factor toward peace.

Dad, you can't imagine the wonderful feeling; a man thinks something like this: "Well, if I am going to die, this is worth it a thousand times."

\* \* \* \* \*

I don't want any of you dear people to be sorry for me, although, of course, you will, in a way. Mind you, I know what I am up against, and that the odds are against me.

\* \* \* \* \*

Goodby, dear father and mother, and all of you. Again I say that I am proud to be where I am now.  
GORDIE.

He went "over the top" and didn't come back. He gave his life on that April day, without a murmur, for the sake of peace and freedom. And he was proud to do it.

What a contrast between a hero like that and the man or woman with warped and shrunken soul who doesn't even buy a Liberty Bond to help the same great cause!

## Buy Bonds of the Third Liberty Loan

It is seldom one can help a great cause without personal sacrifice. But you can. These bonds are the safest, best investment in the world. Security? Why, they are a first mortgage upon the United States. Every railroad in the country, every homestead, farm or public building, every industry, every income or salary, everything we own—everything you own—is pledged as collateral.

If you can't pay cash for your bonds, you can borrow a part of the money at your bank, using the bonds as security; or, you can buy them at your bank on easy partial payment plan. It is no trouble to buy Liberty Bonds; it is no trouble to pay for them. See your banker today.

The advertising for the Third Liberty Loan in this city has been made possible through the patriotism of the following firms, who have generously contributed the space in which the advertising will appear:

## "NO EIGHT HOUR DAY IN WAR WORK"

Declared Lexington Postmaster in Telling Rural Mail Carriers They Must "Go to It" in War Savings Campaign.

### KY. POSTMASTERS AROUSE GOVERNMENT EMPLOYEES

Central Accounting Postmasters throughout Kentucky have been holding meetings of District Postmasters and Rural Carriers the past week for the purpose of arousing them to the demands upon them by the Federal Government, through the Post Office Department at Washington, that every one get actively in the great campaign now going on all over the country to teach the lesson of Thrift and promote the sale of Thrift Stamps and War Savings Stamps among the people they serve in their several communities. In not a single instance, has a Postmaster ignored the call of State Director James B. Brown for such meetings, and every meeting has been largely attended and will be productive of good results.

Postmaster Moses Kaufman, of Lexington, who has actively co-operated with County Chairman John Skain in his every plan of campaign, told his associates and employees of the Post Office Department in Fayette county that there is no eight-hour day in war work, and that they must go to it at all hours, leaving the road side mail box in the rural districts to call at the doorstep of the persons on his route and see that they either bought War Stamps or gave a good and sufficient reason why they could not do so.

"Do you really think that the American soldiers who are at this minute holding the line in France are holding out for an eight-hour day? Alright then, go to it, and give overtime to your menaced country, and sell these stamps."

This is how Postmaster Kaufman went at the rural mail carriers at a meeting of the carriers, which was called to put new ginger into the sales of War Savings Stamps. The rural mail carriers, Mr. Kaufman explained, had fallen behind the city carriers in results.

"Now you men in the country should see every man, woman and child on your route. Put the mail in the box on the road, and then take the time to drive up to the man's house, and insist on a hearing. Don't let personal rebuffs bother you. Just remind yourself that it is your country and not you that is receiving the rebuff."

"Say to the men who refuse to buy: 'What right have you to stay at home in ease and comfort, while other Americans are dying in France? Why has the government a right to call on one man to die, if it has not an equal right to ask you to lend your money?'"

"Tell him that he is the sort of man that will make it possible for that heroic line in France to break before the Hun assault. Put it up to him that it will be his fault if the war is lost."

John Skain, the county chairman of the War Savings Stamp campaign, spoke and suggested yet another argument.

"Tell the man who will not buy that the government will get his money another way if he will not lend it to a government which is willing to pay a generous interest. There are, I know, men of wealth on your routes, who have so far refused to buy. Tell those men that the assessment boards of the county know their wealth, and that they are driving their government to resort to taxation. They are not going to get away without putting up some money for this war."

#### A COMPARISON OF INTEREST.

A great deal of speculation and discussion have arisen in connection with the comparative interest returns of the War Savings Stamps and the Bonds of the Third Liberty Loan. Now that the Treasury Department has announced that the interest rate on the new bonds is 4 1/4% a comparison can be made.

A War Savings Stamp bought January 1, 1918, if held until maturity, January 1, 1923, pays a total interest of eighty-eight cents, or seventeen and 6-10 cents per annum. This is equivalent to a rate of 4.27% per annum. The interest rate increases each month this year until in December the return develops as follows: That month the stamp costs \$4.23 and has four years until maturity. The total interest received, if held until maturity, is seventy-seven cents. For one year it amounts to nineteen and one-quarter cents, which is at the rate of 4.55% per annum.

The Third Liberty Loan bonds will not be convertible into subsequent issues, so you can assure the public that the purchaser of War Savings Stamps is not discriminated against in the new bond issue.

I quote the following from Secretary McAdoo: "In the coming Liberty Loan drive," said the Secretary, "the War Savings organizations should continue their efforts in the formation of War Savings societies, educational work in the schools, and general thrift propaganda. There are persons who are unable to buy Liberty Loan bonds and all these persons should be urged to buy War Savings Stamps."

You will note from this our campaign is not to slacken. Let our slogan be:

Liberty Loan Bonds for the fellow who can buy them, and War Savings Stamps for everybody.

## BREAKING THE CAMEL'S BACK

The War Savings Stamp Will Prove the Last Straw

(Plaschke in Louisville Times)

### DRIVES DO NOT CONFLICT BOURBON OUT IN FRONT

#### Liberty Bonds and Thrift Stamps Supplement Each Other

No More Conflict in Two Campaigns Than Between Superdreadnoughts and Destroyers—Object of Both Is to Finance War.

Louisville, Ky.—Instead of the Liberty Loan campaign and the War Savings movement conflicting they really supplement each other.

The Liberty Loan campaign and the War Savings movement are no more rivals than the superdreadnoughts and the destroyers of our navy are rivals.

The Liberty Loan and War Savings Stamps are two forms of the same financial operation of the United States Government. They were authorized by the same vote of Congress and are intended to supplement each other. They are both of paramount importance to the financing of the war. The Liberty Loan campaign is primarily to obtain the many billions of dollars necessary toward paying the expenses of war and lending to our allies.

The peculiar significance of the War Savings movement is to teach the nation to save and to invest its savings in War Savings Stamps in order that the Government may not merely get money, but spend this money for the support of the army.

Successive Liberty Loan Bonds will be sold in campaigns at intervals. The War Savings campaign will last throughout the year—no doubt until the war is over. It aims to develop habits of thrift that shall make the sales of stamps cumulative. And the person of limited means who invests in a few War Savings Stamps does his share as well as the wealthier man who buys a quantity of Liberty Loan bonds. Millions who could not afford to invest in Liberty bonds will be able and glad to help by investing in War Savings Stamps. The two campaigns are, in reality, but one—that of financing for victory.

#### SCHOOLS DO GOOD WORK

Louisville, Ky., April 1, 1918. Mr. J. B. Mantle, Secretary Jefferson County, War Savings Committee, 611 Columbia Building, Louisville, Ky.

My dear Mr. Mantle:

I have the honor to report to you that the War Savings Societies in Louisville public schools number 637. A few are yet to be organized. We have been in operation approximately three weeks, and during that time have sold Thrift Stamps and Baby Bonds amounting to \$11,334.00. I believe that every school has done its best, and that this work will continue at high speed throughout the year. The schools that have contributed \$500.00 or more are listed below:

Girls High School ..... \$2,628  
George Rogers Clark School ..... 830  
Normal School ..... 590  
George W. Morris School ..... 550  
Longfellow School ..... 519

We feel that special congratulations are due to the Girls High School with its amount totaling \$2,628, and to the George Rogers Clark School which leads the elementary schools of the city with a total of \$830. It is true that many of the smaller schools may have done quite as well if we consider the average amount sold. For the months of April we shall have computed the average amount sold on the basis of the average number belonging. This will make a fair comparison between all schools.

Yours truly,  
O. L. REID,  
Superintendent.

#### Blue Grass County Leads State in Thrift Stamp Drive

Chairman S. E. Bedford Has Made Fine Record and People Have Come Forward in Pleading and Commendable Way.

Paris, Ky.—A Bluegrass county, Bourbon, holds the record so far in Kentucky, size, population and quota considered, in the sale of Thrift Stamps and War Savings Stamps. Chairman S. E. Bedford has reported to State Headquarters at Louisville that his organization has disposed of \$100,000 worth of Stamps. Its quota is \$349,240, and the Bourbon organization is planning to have all of this amount either sold outright or pledged before the Third Liberty Loan campaign is finished in his section of Kentucky.

The Paris Kentuckian-Citizen, which is actively co-operating with Mr. Bedford and his organization in this great war activity, has the following article with reference to the campaign in Bourbon:

"Fifty-nine Bourbon county people have been enrolled in the one thousand dollar War Savings Stamp Club as a result of their subscribing for the maximum of stamps permitted by the United States Government.

"Other persons have liberally subscribed for War Savings Stamps in amounts from five to five hundred dollars each and as a result Chairman S. E. Bedford has disposed of more than one hundred thousand dollars' worth of War Savings Stamps through his working committees distributed in Bourbon county. 'Bourbon county's allotment of War Savings Stamps is \$349,240, and our people must hurry themselves a bit and subscribe quickly for the stamps remaining unsold.

"In the War Savings campaign Bourbon people, rich and otherwise, have come forward with their subscriptions to this gift edge investment in a most pleasing and commendable way, for all of which County Chairman Bedford and the members of the precinct committees are highly appreciative. However, the unsold War Savings Stamps must be sold before the next issue of Liberty Loan Bonds, which will be offered to the public in April.

Get busy you patriotic and liberty-loving people of Bourbon. Call on some member of the committee and buy liberally of the War Savings Stamps, the best and most desirable investment obtainable today. Do your duty now—don't wait until members of the County Committee, all busy business men, look you up to beg you to do your patriotic duty."

—W. S. S.—

#### HAVE A THRIFT POCKET

A thrift pocket is a character builder—it tests your capacity to resist. You will find it as alluring as the penny bank you once had on the mantelpiece. Select the pocket—any one will do—and then select the coin. Suppose your "thrift coin" is a nickel. Every nickel you get goes into the thrift pocket. You can not borrow from the thrift pocket nor lend from it. Experience proves that it isn't wise even to make change from it, and that it is a failure if you are not honest, scrupulously honest, with it. Every time it gets over-heavy, put it into Thrift Stamps. Thrift Stamps are light.

—W. S. S.—

#### FROM RUDYARD KIPLING.

"It ain't the individual

## BONDS TO HELP STAMPS

NO CONFLICT IN TWO CAMPAIGNS ON THIS MONTH.

Thrift Stamps Appeal to Those Unable To Buy Higher-Priced Securities of the Government—Push Both Enterprises.

The Liberty Loan Campaign which has Henry Carson and Judge W. W. Barnes whose terms as members of the school board expire with the present school year.

William S. Moore, who has been spending the past week here with his mother and family, Mrs. E. P. Moore, returned to New York, yesterday, to resume his duties with the Federal Board of Shipping Board.

County Clerk Claude Blankenship and Mr. Chester Leach, of Beaver Dam, were in Louisville the first of the week, where Mr. Leach took treatment under a specialist on nervous troubles.

Look at that yellow slip on your newspaper, then add to the amount owing able to buy the Liberty Bonds.

While the Liberty Loan campaign is on there will be many millions of patriotic Americans who will wish to do their share, but who can not afford to invest \$50 or more. Their means do not equal their ambition to help. THEY WILL WELCOME THE OPPORTUNITY AT THIS PSYCHOLOGICAL TIME to buy the War Savings Stamps, which in effect are the same as United States Government bonds. There is scarcely one of us who can not become an owner of at least one Thrift Stamp, or a War Savings Stamp, and none of us can invest more than \$26 (\$1,000 maturity value) in War Savings Stamps. If War Savings representatives approach this matter in the right way, the third Liberty campaign will be one of the greatest W. S. S. stimulants possible. There are about sixty out of one hundred men, and a greater percentage among women and children, whose financial circumstances will prevent them from buying Liberty Bonds, but who, inspired with the desire to help, will readily and enthusiastically buy W. S. S.

If properly conducted along dignified lines, no friction in the two campaigns should result. Only the best of good will should prevail among the members of both campaigns, but there should be no abatement of activity on the part of every one connected with the War Savings campaign. On the contrary, it is the psychological and ideal time to intensify W. S. S. efforts.

#### "HITTING IT UP" IN BOURBON COUNTY

Chairman Bedford Tops Kentucky Counties With One Hundred Thousand Dollars Sold.

A Bluegrass county, Bourbon, holds the record so far in Kentucky, size, population and quota considered, in the sale of Thrift Stamps and War Savings Stamps. Chairman S. E. Bedford has reported to State Headquarters at Louisville that his organization has disposed of \$100,000 worth of Stamps. Its quota is \$349,240, and the Bourbon organization is planning to have all of this amount either sold outright or pledged before the Third Liberty Loan campaign gets fairly started in his section of Kentucky.

The Paris Kentuckian-Citizen, which is actively co-operating with Mr. Bedford and his organization in this great war activity has the following article with reference to the campaign in Bourbon:

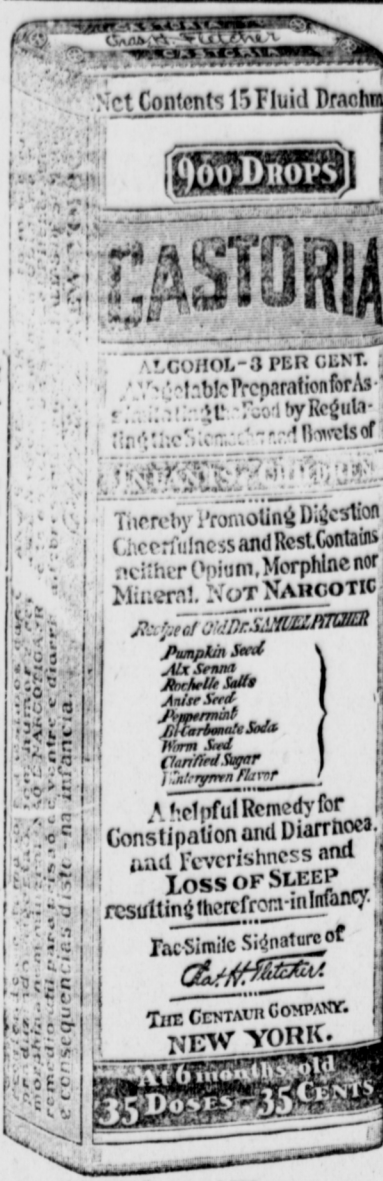

"Fifty-nine Bourbon county people have been enrolled in the One Thousand Dollar War Savings Stamp Club as a result of their subscribing for the maximum of stamps permitted by the United States Government.

"Other persons have liberally subscribed for War Savings Stamps in amounts from five to five hundred dollars each, and as a result Chairman S. E. Bedford has disposed of more than one hundred thousand dollars' worth of War Savings Stamps through his working committees distributed in Bourbon county.

"Bourbon county's allotment of War Savings Stamps is \$349,240, and our people must hurry themselves a bit and subscribe quickly for the stamps remaining unsold.

"In the War Savings campaign Bourbon people, rich and otherwise, have come forward with their subscriptions to this gift-edge investment in a most pleasing and commendable way, for all of which County Chairman Bedford and the members of the precinct committees are highly appreciative. However, the unsold War Savings Stamps must be sold before the next issue of Liberty Loan Bonds, which will be offered to the public in April.

"Get busy, you patriotic and liberty-loving people of Bourbon. Call on some member of the committee and buy liberally of the War Savings Stamps, the best and most desirable investment obtainable today. Do your duty now—don't wait until members of the County Committee, all busy business men, look you up to beg you to do your patriotic duty."

FRIDAY.....MAY 3

Among the many things we do not  
know is why, when Europe is crying  
for America to rush men to the res-  
cue, the cantonments are nearly  
empty.

War gardens will add many mil-  
lions of dollars worth of vegetables to  
the crop of food products this season.  
The people should continue to plant  
and cultivate seasonable vegetables  
as the season advances.

Ohio county people have responded  
with patriotic liberality to the Third  
Liberty Loan Bond sale, and have  
taken nearly treble the amount as-  
signed to the county. Already more  
than \$200,000 worth of bonds have  
been sold and the sale has not closed  
yet.

Bohemians are fighting with the  
Italians. This is the best news that  
has come out of Europe for many a  
day. It is not the number of Bohem-  
ian soldiers that is significant, but  
the straw that shows the long ex-  
pected rupture in Austria-Hungary  
has begun. The one best hope for  
an early ending of the war is the  
restlessness of the dual empire.

The people are responding lib-  
erally when asked to give for any of  
the war purposes, but they should be  
asked to give only for those pur-  
poses that are essential and neces-  
sary. This war is a serious business,  
and all the money available may be  
needed for practical ends, and should  
not be wasted on purely sentimental  
projects.

The English government is pro-  
ceeding slowly in the matter of con-  
scripting Ireland. The British real-  
ize the danger of starting a conflagra-  
tion. The Irish are not wanting in  
loyalty to their ideals, nor are they  
lacking in the quality of courage. As  
freemen the Irish would rally to the  
support of their government, but as  
bondsmen they decline to yield fur-  
ther to the whip of their masters. If  
England will give Ireland a free Par-  
liament, Ireland's Parliament will  
send her sons to fight side by side  
with their British brothers.

We are sorry we can't like it; hon-  
estly we have tried to because there  
seems no other way, but we just  
can't form a taste for the goose neck  
hoe plan of keeping the roads in re-  
pair. As a garden tool the goose  
neck hoe is a useful tool, but it is a  
leettle light for road work. And the  
organization don't look good to us  
either. With a hundred generals—  
road overseers—each fighting the  
road problem after his own notions  
of generalship we find it hard to ex-  
pect results. Just 'pears to us that  
these hundred corporals ought to  
have a captain over them so's there'd  
be some system about the business.

Judge B. J. Bethurum, of Semer-  
set, has decided to enter the race for  
the Republican nomination for United  
States senator.

Judge Bethurum is well known in  
legal and political circles of the state,  
and Republicans throughout the com-  
monwealth will be pleased at his en-  
try into the race. It appears now  
that the only other candidate for this  
nomination will be Dr. Ben L. Bruner,  
of Louisville. Judge Bethurum  
comes from the eleventh district,  
and will have a big following in eastern  
Kentucky, where he is a popular  
favorite, and he is also assured of a  
big following in central and western  
Kentucky.

Far down in the depths of every  
human heart there is an appealing  
longing to be loved. It cries from  
the heart of the babe and laments  
from the bosom of age. The world is  
starving for love, and the lack of it

is traced in endless tragedies. Only  
the other day we visited the Kentuck-  
y Childrens' Home, at Louisville.  
Approaching the ward of a score of  
little girls, of ages from seven to nine,  
we were appalled at their eager  
craving to be loved. They clung to  
us in clusters, and chorused the cry  
"Kiss me". One by one we kissed  
those childish lips, and at the touch  
of each offered a reverent prayer to  
the Father of Orphans to send these  
dear babes into some family home  
where their longing for love could  
be appeased.

The Inquirer, which plays second  
fiddle to the Messenger in the news-  
paper field at Owensboro, has deliv-  
ered itself of this brilliant, scintillating  
paragraph. "We had always under-  
stood that Hartford went by sun-  
time anyhow". Before the advent of  
Ed Leigh into second class journalism  
in Owensboro such a stroke of editor-  
ial genius was unknown. The Hag-  
gers were of course handicapped by  
some measure of decent respect for  
the citizens of a neighboring county,  
some of whom were on the subscrip-  
tion list of the Inquirer, but Leigh is  
so heavily charged with witty sarcasm  
that he must shoot, let the dart strike  
where it may. This coarse criti-  
cism of the good people of Hartford,  
by the Inquirer, should not prej-  
udice the people of the town and county  
against Owensboro, a city of ex-  
cellent citizens and the home of at  
least one decent newspaper.

### KENTUCKY CHILDRENS HOME.

The Kentucky Childrens' Home, at  
Louisville, is an institution organized  
as a philanthropic clearing house,  
through which the abandoned child-  
ren of the state could be gathered up  
and eventually be placed in the homes  
of people who would give them par-  
ental love and training.

Saturday morning we took the  
three children of Jesse Cook, of Ech-  
ols, to Louisville to place them in the  
Home. Mr. L. S. Harbin, the As-  
sistant Superintendent, met us at the  
depot and took charge of the child-  
ren. At his invitation we visited the  
institution, and were shown through  
the various departments. The object  
and purpose of the Institution as well  
as the order and system of its man-  
agement, were explained to us by the  
Superintendent, Mr. Schon, and the  
other officials and attendants.

This was our first acquaintance  
with this admirable institution, and  
we are pleased to say to Ohio county  
people that we found it in every way  
worthy of the highest commendation.  
We saw the children, grouped by  
ages, from the incubator up, and all  
of them had every appearance of  
having received careful and skilled  
attention. From the Superintendent  
down to the humblest attendant there  
was a spirit of service that appealed  
to the observer. Every one seemed  
to be in love with his work. We were  
especially pleased to find in the baby  
ward a woman, Mrs. Bruner, with  
maternal instinct big enough to  
mother a score of babies. Cleanli-  
ness, sanitation, was apparent in  
every department. The children  
were all clearly happy and contented.

The business of this institution is  
to gather up children who are already  
paupers, and who, if left to their  
present environment, would, many of  
them become criminals, and find  
homes for them among the best fam-  
ilies of the state. The care of the  
institution does not stop with placing  
the children in private homes, but  
at periodic intervals a representa-  
tive of the Home visits the children so  
placed to see if they are being prop-  
erly cared for. The visitor carries a  
camera and snapshots the child just  
as he finds it in the home or at  
play, and before the family have had  
time to prepare it for the occasi-  
on. Inquiries and other means are used  
to keep in touch with the treatment  
the child receives in its adopted  
home. The writer will visit this in-  
stitution again at an early date and  
will give the readers of this paper  
an extended account of the workings  
of this remarkable medium of saving  
helpless children from the slums and  
prisons.

### WHISTLING JACK JAILED.

Whistling Jack, the sable music  
machine, the Hayti mocking bird  
who loved John Barleycorn, not wise-  
ly but too well, fell into the meshes  
of the law and the arms of the city  
marshal at an early hour Monday  
morning. When he signs the mar-  
riage bond book, or replevin bond for  
a probable fine for early morning jack  
he will sign just plain Jack Collins,  
colored, but in the early hours of the  
night when he ladens the south winds  
with whistling melody everybody for  
blocks around says, "listen to whist-  
ling Jack."

### FREED TO JOIN ARMY.

Frankfort, Ky., May 1.—On the  
promise that they would join the  
army, Circuit Judge Stout to-day sus-  
pended judgment against James  
Nichols, Henry Hensler and T. Cook,  
who were charged with petty offenses.

## STRAY STREAKS

(By Fluke McFluke.)

Dick Carpenter wanted to go to  
Owensboro Tuesday morning, and  
Dick said as how he was in somewhat  
of a hurry to reach the "Yaller  
Banks" he didn't have time to fool  
with this blamed M. H. & E. Limit-  
ed or L. & N. affair or what ever it  
is called, so he was going to hoof it.  
He did and beat the train in about  
an hour. (This is not a R. R. Ad.)

essed by men

Speaking of Thomas and his gar-  
den (with apologies to the reader)  
John invariably walks out to his  
garden patch, but 11 times out of  
13 he rides back in an automobile.  
We asked one who knows John Hen-  
ry best, the whyfores of the matter,  
and he says about as follows: "John  
so intensely despises labor, he al-  
ways walks, very slowly, when going  
to it, so that he may prevent the  
meeting as long as possible and for  
the same reason, conversely, due to  
his burning desire to get away from  
any thing that smacks of manual ef-  
forts, he hails the first passing auto  
and climbs aboard in order to the  
more quickly put distance betwixt  
himself and the point of garden or  
other physical exertion."

Doc Pirtle and Ed Barrass say  
these dadshanged, big May frosts  
have nipped the bud in their fishing  
plans, as, owing to present conditions,  
looking to one's health and personal  
safety, a fellow is obliged to do his  
fishing 'twixt the cold and hot  
spells. In other words, the weather  
must be rather temperate, as they  
are wholly unprepared to withstand  
the chilly morning's blast and are by  
no means, willing to undergo a  
chance for snake bites, likely in hot  
weather.

Tinsley, the business manager of  
this sheet, on finding out the true  
condition of matters pertaining to  
absolutely nothing doing along the  
line of anti-frost and snake bite stuff,  
immediately wired John Moore, in  
Louisville, and on John's refusal to  
in any wise aid in the premises,  
Tinsley dejected, but flatfootedly re-  
fused to make this annual excursion  
with the fishing club, the first time  
in 27 years he failed to go. The  
Business Manager says things are  
not what they used to be any more.

You may look for a lot of punk  
stuff in the old sheet next week.  
Circuit Court will be in session and  
we just can't, or won't work when  
there is any one around.

Mrs. Martin says, since Ransome  
his car, he goes to the farm to work  
twice every day, that is, he leaves  
home with that announcement, tho  
his hands thus far shd no signs of  
the horny bumps of toil. Our pre-  
diction is that Ransome is going to  
find that his spark plug is going to  
go dead, and his carburetor fail to  
work on this go-to-work stuff in an  
automobile, with Mrs. Martin.

### MEN WITH TEAMS WANTED.

A number of men with teams want-  
ed to work on the Hartford and Ow-  
ensboro road, near Alexander school  
house. Will pay \$4.00 per day. See  
or call G. O. HARDING,  
Hartford, Ky.

### DIED ON TRAIN.

Rodney Ross, of Centertown, who  
had enlisted in the U. S. Naval Ser-  
vice, and was en-route from his  
home to the Great Lakes Naval Train-  
ing Station, Camp Logan, Ill., where  
he had been ordered to report for  
duty, died on the train early  
Wednesday morning, as it was  
nearing Chicago. We were unable  
to learn anything whatever as to the  
cause of young Ross' death. The re-  
mains will be brought home for bur-  
ial, arriving late this evening perhaps.  
Young Ross was 22 years of age,  
unmarried and is survived by his  
Father, Mr. Frank Ross, of Center-  
town, three sisters and three broth-  
ers, one of whom, Herbert, is now in  
training at Camp Logan, in the naval  
branch of the service.

The writer was with the deceased  
young man, over a short lap of his  
journey, made to answer his country's

call to duty, and, as we bade the  
young man farewell in a warm and  
friendly handclasp, viewing him in  
apparent perfect physical condition,  
little did we think we were so soon  
to hear of his sudden, and to us,  
seemingly untimely death. We ex-  
tend to the family our sympathy.

### FINAL SEARCH BEING MADE FOR CYCLOPS

Washington, April 30.—As the  
final phase in the search for the miss-  
ing naval collier Cyclops, the Navy  
Department announced to-day, num-  
erous boat crews are being landed by  
war-ships to question fishermen along  
the coasts of the West Indian Islands  
near the route taken by the collier  
when she sailed from Barbados near-  
ly two months ago.

Not one of the many vessels en-  
gaged in the search has reported the  
finding of wreckage or of any other  
clue that would aid in solving the  
mystery.

Navy officials admit that the time  
is drawing near when they must for-  
mally give up for lost the big collier  
with nearly three hundred persons on  
board.

### ASSESSMENT FIGURES

The assessment of property for tax-  
ation is perhaps the least systemat-  
ic of all the departments of the  
county's business. A dozen, or per-  
haps a score, of deputy assessors ap-  
proach the property holder and ac-  
cept whatever value he elects to place  
on his property, as a final list, and  
then a board of supervisors, the mem-  
bers of which do not know a thing  
about the value of one tenth of the  
property in the county, take a ran-  
dom shot at equalizing the burden  
of taxation.

For the benefit of those who are  
interested in such matters we offer,  
by precincts, the number of acres of  
land in each, and the assessed value

### REVOLUTION BREWING IN AUSTRIA-HUNGARY

London, April 30.—A dispatch  
sent out to-day by Reuter's Limited,  
says it has been learned from Serbian  
sources that unmistakable signs of an  
approaching revolution in Austria-  
Hungary are becoming daily more ev-  
ident. A plebiscite is being held  
among the Serbs, Croats and Slovenes  
in favor of their union with Serbia  
and Montenegro in one national in-  
dependent State under the scepter of  
King Peter of Serbia. The prime  
archbishop of Carniola is at the head  
of this movement.

"Demonstrations of a very serious  
character are taking place in the  
Jugoslav provinces," says the dis-  
patch. "Now comes news that at the  
request of the Austrian Government,  
and with the sanction of the pope,  
the nuncio at Vienna has opened a  
disciplinary inquiry against the arch-  
bishop of Carniola for placing him-  
self at the head of this revolution-  
ary movement. Great developments  
are expected."

### RED CROSS NOTES.

The ladies have been quite busy  
at the Red Cross rooms this week,  
finishing and inspecting the Hospital  
shirts, so that a shipment may be  
made Friday. This will be the larg-  
est shipment they have yet made.  
Nearly half of the garments were  
made by the Beaver Dam unit, and  
great credit is due them; not only  
for the goodly number, but for the  
beautiful style in which they are fin-  
ished.

The cutting committee, composed  
of Mrs. Annie Lashbrook and Mrs.  
Mrs. John Riley, has given two days  
work this week.

The inspection committee—Mrs.  
Sam Barnett, Mrs. W. M. Fair and  
Mrs. Carlisle Render—have also given  
two afternoons.

The Tea Room continues to be  
quite attractive, and a substantial  
help in providing funds for the Red  
Cross work. About \$58.00 has been  
turned into the treasury by the Tea  
Room, from three Saturday openings.

The knitters are busy too, and  
have a good number of socks and  
sweaters ready for the Friday ship-  
ment.

Get Rid of Your Rheumatism.  
Now is the time to get rid of your  
rheumatism. You will find Cham-  
berlain's Liniment a great help. The  
relief which it affords is alone worth  
many times its cost.

### JUNIOR RED CROSS DOES GOOD WORK

The work of the Junior Red Cross  
has been very gratifying to every one  
interested.

Since its organization Feb. 18th,  
a surprisingly large amount of work  
has been done for the soldiers and  
refugee allies.

This week their last allotment of  
garments for this school term, con-

sisting of 8 quilts 18 wash cloths,  
50 towels, 25 dress skirts, and 25  
chemise have been completed. These  
garments were made according to the  
fashion of the country for whose use  
they are intended, and strictly by Red  
Cross directions, and the material  
was purchased with the money re-  
ceived from Sunday eggs contributed.  
Next Saturday, there will be on  
display at the Tea Room an afghan  
knitted by the 5th and 6th grades  
out of scraps of wool donated by  
friends of the work.

A valuable feature of the Junior  
Red Cross work in Louisville is the  
fact that it has been incorporated  
into the regular school curriculum.  
Supt. O. L. Ried recommended and  
the Board of Education authorized  
that all industrial work in the school  
should be Red Cross work.

### SCHOOL EXAMINATIONS.

Examinations for common school  
diplomas will be held at Hartford,  
Beaver Dam and Fordsville, May 10  
and 11. The Examination at Hart-  
ford will be held by the Superinten-  
dent, that at Beaver Dam by Mrs. I.  
S. Mason and the one at Fordsville by  
Mrs. Ollie Duff. It is expected that  
sixty or more applicants will appear  
for this examination.

### HIGH SCHOOL CLOSES.

The spring term of the Hartford  
High school practically closes to-day.  
There are two more weeks of the  
term, but next week will be given  
over to examinations, and the week  
following will be Commencement  
week.

The ever-growing popularity of Welworth Blouses is due to their superior excellence and to the ability of the manufacturer to continue to offer them in the same high standard of workmanship and material at no advance in price.

Foresight in material purchases—many of which were bought several months ago at prices which represent very substantial savings—combined with the unique and economy-effecting method under which they are made and sold accounts for this fortunate condition.

You will have to see these exceptional Blouses to realize how much your money will buy; they represent the latest and smartest styles and are unequalled in value and service giving qualities.

### YELLOW PAINT USED.

Murray, Ky., April 30.—Yellow paint last night was smeared on the doors and window frames of the News and Truth office, Covington Bros.' Wholesale Grocery and B. Lucas' shoe store and the home of the Rev. H. B. Taylor, preacher-editor, whose writings on the war started a controversy in this section of the country. In addition to the smearing of yellow paint at Mr. Taylor's News and Truth office and home, arrows were painted. The significance of arrows is puzzle. It is believed that the paint was used because a prominent young man failed to report to his draft board after hearing the preachings of the Rev. Mr. Taylor.

# ONE MILLION AT SUNDAY SCHOOL

THIS IS GOAL SET BY STATE ASSOCIATION FOR MAY 5th.

## GREAT DAY IS BEING PLANNED

Kentucky's Fifth Rally is Announced and Order of Worship Given—Invitation to Attend is Extended to Every Man, Woman and Child in the Commonwealth.

The Kentucky Sunday School Association is sending out the call to all the Sunday Schools of the state to do larger and better things than ever before on May 5th.

Some wonderful things have been done in previous years, but we want to even surpass these this year.

Whether because of war or weather, or both, or something else, the attendance at Sunday Schools in Kentucky has not been as good as it should have been since the first of the year. So let us SPEED UP! FILL UP THE RANKS! CARRY ON! DOUBLE YOUR ATTENDANCE ON MAY 5, 1918.

Every person who can possibly do so should be in some Sunday School that day.

The Go-to-Sunday School Day Movement.

Early in 1914 the officers of the Kentucky Sunday School Association, at the suggestion of the General Secretary, decided to designate the first Sunday in May as Go-to-Sunday-School Day and to ask each Sunday School to observe that day. The Governor of the State issued a proclamation calling upon all the people of the State to attend Sunday School, newspapers published invitations, posters were put up over cities and towns, calls were made; in short, about everybody in Kentucky must have heard about Go-to-Sunday-School Day and received an invitation or two to attend Sunday School.

From the beginning the movement was a success, and it has become an annual custom of Kentucky Sunday Schools to have a Go-to-Sunday-School Day. This year the call is issued to every man, woman and child in Kentucky, to attend Sunday School and to enlist for service in the Army of Christ.

Some of the good results in past years are an increase in attendance of more than one hundred per cent, an increase in enrollment of thousands, the bringing together in co-operative effort workers of many schools, the finding of hundreds who have become church members, the enlisting of some of the most capable and earnest teachers.

The 1918 campaign is expected to bring these results:

One Million People at Sunday School May 5th.

Sixty Thousand New Members Enrolled.

One Thousand Schools Contributing to the Kentucky Sunday School Association.

Four Thousand Churches of Kentucky Gaining Some New Members.

A Deepening of Love and Loyalty to our Country.

A Strengthening of the Feeling of Christian Brotherhood.

An Invitation Given to Everybody in Kentucky to Attend Sunday School and Church.

Reports and offerings of each Sunday School should be mailed promptly to the Kentucky Sunday School Association, 712 Louisville Trust Building, Louisville, Ky.

Hundreds of Sunday Schools will use the program that has been prepared by the Kentucky Sunday School Association. Copies for use can be secured free from the Association. It is as follows:

Order of Worship and Instruction.

1.—Music—"Ancient of Days" played softly.

2.—Call to Worship—Superintendent—O come let us worship and bow down; let us kneel before the Lord, our Maker.

Response—School—Be thou exalted Lord in thine own strength; so will we sing and praise thy power.

3.—Hymn—"God of our fathers whose almighty hand" or "Faith of our fathers still," or "O worship the King, all glorious above," or "Come, Thou Almighty King."

4.—Prayer.

5.—Responsive Reading from the Scriptures.

Leader—"We have heard and known, and our fathers have told us the praises of the Lord and his strength, and his wonderful works that he hath done."

School—"Marvellous things did he in the sight of their fathers. He made his own people to go forth like sheep and guided them in the wilderness like a flock."

Leader—"He led them on safely, so that they feared not."

School—"Blessed be the Lord, God of our fathers from everlasting even to everlasting."

Leader—"Blessed is the nation whose God is the Lord, and the people whom he hath chosen for his own inheritance."

School—"The Lord our God be with us, as he was with our fathers; let him not leave us nor forsake us: that he

may incline our hearts unto him, to walk in all his ways, and to keep his commandments."

Hymn—"America, the Beautiful," or "The Battle Hymn of the Republic," or

"My Country, 'Tis of Thee."

6.—The Sunday School Forces and the Present War.

Superintendent—"Our country does not ask us to die for her only, she asks us to live and so to act that her government may be pure, her officers honest, and every corner of her territory a place fit to grow the best men and women who shall rule over her."

School—"God hath made of one blood all nations of men, and we are his children, brothers and sisters all. We are citizens of these United States and we believe our flag stands for self-sacrifice for the good of the people!"

Superintendent—How may we serve our country at this time?

Men—"The greatest service you can render your country is the prosecution of your usual church work with greater earnestness than ever."

Pastor—Through worship, by prayer for our leaders and all our men in the service, and especially for those whom we know and who have gone from our own families and church.

Women—"All the blood, all the heroism, all the money, and all the ammunition in the world will not win this war unless our Allies and the people behind them are fed. A great cause will be lost unless we stand guard every day in our homes over the supply of wheat, meat, fats, sugar, and milk."

Teacher—"In every form of service required of the American people the Christian spirit and motive have a place. Three main things are needed: clear thinking, high moral standards and enthusiastic devotion. The world will be different after the war. Whether it will be better or worse will depend on the vigor and devotion of those to whom the kingdom of God is more than meat and drink."

Superintendent—"This is not a banker's war, or a farmer's war, or a manufacturer's war, or a laboring man's war—it is a war for every straight-out American. We are today a nation in arms, and we must fight and farm, mine and manufacture, conserve food and fuel, save and spend to the one common purpose."

Boys and Girls—"True victory will lie in the quality of the men who carry on the work of the country after the war. We must economize our human material. Each one of us should be strong and healthy in mind and body, and seek to acquire that character which will make us valuable citizens."

All—"We are but one of the champions of the rights of mankind. We shall be satisfied when those rights have been made as secure as the faith and the freedom of nations can make them. But the right is more precious than peace, and we shall fight for the things which we have always carried nearest our hearts \* \* \* for a universal dominion of right by such a concert of free people as shall bring peace and safety to all nations and make the world itself at last free."

Orchestra or piano play "The Star-Spangled Banner."

7.—The Sunday School Forces in the Age-Long War Against Sin.

Responsive Scripture Reading.

Superintendent—Be strong in the Lord and in the power of his might.

School—We fight against powers, against the rulers of darkness of this world, against spiritual wickedness in high places.

Superintendent—Fight the good fight of faith. Lay hold on eternal life \* \* \* Endure hardness as a good soldier of Jesus Christ.

School—Let us have grace whereby we may serve God acceptably with reverence and godly fear.

Hymn—"The Son of God goes forth to war," or

"Fight the good fight with all thy might," or

"Faith is the victory."

8.—Superintendent's Welcome to Visitors. Announcements.

9.—Lesson Study.

10.—Pastor's Invitation to Church Services.

11.—Reports of Secretary and Treasurer.

12.—Hymn—"Jesus calls us over the tumult," or

"Onward, forward," or

"Onward, Christian Soldiers."

13.—Benediction.

STATE CONVENTION OF KENTUCKY SUNDAY SCHOOL ASSOCIATION TO BE HELD IN ASHLAND OCTOBER 8-9-10.

There are over four thousand Sunday Schools in Kentucky, and each one of these is entitled to send delegates to the state convention. The convention is for all the schools of every denomination. There will be a splendid program, and all who attend will receive a large vision of the work that can be done by the Sunday Schools, will learn practical plans for making the work more efficient, and will receive inspiration for better service. It is expected that Dr. Samuel Price, of New York City, one of the secretaries of the World's Sunday School Association, will give an illustrated lecture on "The World's Highway of Usefulness." The International Sunday School Association will furnish some of its best speakers, and there will be addresses by the workers from different parts of Kentucky. For information write to the Kentucky Sunday School Association, 712 Louisville Trust Building, Louisville, Ky.

These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

## PROPOSES TO HELP WIN WAR BY \$25 DOG TAX

Cottage Grove, Ore., April 20.—C. C. Case, of this city, thinks that he has discovered a unique way to help win the war. He wants a war tax of \$25 placed on all dogs in the United States. The plan would work out as follows, says Mr. Case:

Nine-tenths of the 100,000,000 dogs in the country would be killed, because their owners wouldn't pay the \$25 tax on them; taxes on the

remaining 10,000,000 dogs would bring the government \$250,000,000; the hides of the dead dogs would furnish leather for 290,000,000 pairs of gloves for our soldiers; enough food formerly given to the dogs would be saved to feed 30,000,000 people.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

## GERMAN NERVE IS SHAKEN BY LOSSES

### Comparing Casualties With Gains Bring Gloom to People.

London, April 28.—A telegram from Reuter's correspondent at Amsterdam says:

"Extraordinary nervousness and depression prevail in Germany owing to the losses in the western offensive, revealed with remarkable frankness in an article by Capt. von Salzmann in the Vossische-Zeitung, in which he endeavors to restore their lost confidence to the Germans by emphasizing the importance of the capture of Kemmel Hill.

"Capt. von Salzmann enumerates a few of the series of rumors current in Germany. All these stories are prefaced by the remark 'In the Reichstag it is said,' and goes on to say: 'Our losses have been enormous. The offensive in the west has arrived at a deadlock, the enemy is much stronger than the supreme command assumed. We are unable to continue the offensive owing to lack of horses. The region before Ypres is a great lake and, therefore, impassable. The whole country between our Amiens front and Paris is mined and will be blown up.'

"The people," continues Salzmann, have begun to lose their nerve. Replying in the Reichstag, the minister of war said something like this:

"It goes without saying that there are big losses in such a struggle. Our losses in one part of the front have been very heavy. Two-thirds of the company leaders in many regiments have fallen."

"It is said that a certain deputy thereupon told his electors in a North German town:

"The minister of war has openly declared our losses to be so heavy that the offensive must be abandoned."

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

Investigations by the Department of Agriculture in 15 States show that of a total of 6,836,492 sheep, 34,683 were killed by dogs in one year and were paid for by the counties.

## THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly lie up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binzer, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

### PAPER MATTRESSES FOR KAISER'S MEN

Owing to the necessity of conserving the supplies of straw in Germany, soldiers' mattresses are henceforth to be stuffed with old newspapers. School children are being organized to collect the papers for this purpose. The Prussian Minister of Education has issued regulations designed to effect the greatest possible economy in the use of paper in the schools. Covers are to be dispensed with in copybooks; writing only on one side of the paper is prohibited, and states are to replace paper wherever possible.

A census of all the tame rabbits in the empire was taken by order of the authorities on March 1, owing to the increasing importance of rabbit skins for army requirements.

Best Remedy for Whooping Cough. "Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the confidence in it."

### JEWS YEARN FOR HOME IN HOLY LAND

New York, April 28.—While believing that the majority of Jews will "continue to live in the lands of whose citizenship they now form a component part," the American Jewish Committee, meeting here to-day, endorsed the recent declaration of the British government, later approved by France, favoring the establishment in Palestine of a national home for the Jewish people.

"This committee is not unmindful that there are Jews everywhere who, moved by traditional movement, yearn for a home in the Holy Land for the Jewish people," said a statement issued to-night by the committee. "When, therefore, the British government recently made its declaration the announcement was received

by this committee with profound appreciation.

"The conditions annexed to this declaration are regarded as of essential importance, stipulating as they do that 'nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country.' These conditions correspond fully with the general purposes for which this committee has striven and with the ideals of the Jews in America.

"The opportunity will be welcomed by this committee to aid in the realization of the British declaration, under which some protectorate or suzerainty as the peace congress may determine, and, to that end, to co-operate with those who, attracted by religious or historic associations, shall seek to establish in Palestine a center for Judaism, for the stimulation of our faith, for the pursuit and development of literature, science and art in a Jewish environment, and for the rehabilitation of the land."

Louis Marshall presided at the meeting of the committee which was attended by thirty of the most widely known Jews in the country.

## ALLIES LINES HOLDING FIRMLY

### Germans Unable To Find Weak Spot on Franco- British Front.

With the British Army in France, April 30.—Further desperate smashes by the Germans against the allied lines in the Flanders battlefield yesterday afternoon and evening met with no more success than the enemy's futile and costly attempts earlier in the day to break through to the hill positions west of Kemmel.

Not only did the British and French maintain their positions virtually on all parts of the front in the face of furious onslaughts, but reclaimed during the night several bits of territory the enemy invaded. Locre, which fell into German hands late yesterday, was taken by the French in a dashing counter attack.

#### Allied Lines Not Moved.

The allied lines this morning are the same as when the Germans surged forward yesterday. In front of the defending positions the ground is covered with gray uniforms men, representing the awful price paid by the enemy.

North of Kemmel the allies bettered their positions by a counter attack. At one time yesterday the Germans had some men on the lower slopes of Mont Rouge and Schedenberg after they drove a wedge into the French line between these elevations. In fierce fighting the enemy sacrificed a great number of men in an effort to push through here. In the meantime the flanks held brilliantly.

#### Find No Weak Spots.

A particularly bitter battle was waged astride the Kemmel-Laclette highway, near the junction of the French and British. Here the enemy tried to divide the forces, but found no weak spots. At rigewood, west of Voormezele, heavy fighting continued throughout the day, the Germans losing a great number of men. It is impossible to say how many attacks the enemy made at this point during the day. They came forward in waves and there was no cessation. The wonder is that the allied troops were able to hold in the face of such onslaughts by superior numbers.

The German artillery, greatly augmented for this attack, pounded the back areas incessantly. The heavy gun duel is appalling. Thus far the allied artillery has prevented the Germans from occupying Kemmel in force.

#### MAGAN.

The farmers welcomed the rain last week that brought a stripping season. Most of the farmers are through delivering their tobacco.

## GERMANS LOSE IN FIERCE ATTACKS

### British Lines Hold Firm, Repulse Terrific Onslaughts.

London, April 29.—Powerful attacks by the Germans against the French and British positions between Meteren and Zillebeke to-day were repulsed, the Germans losing heavily, according to the report from Field Marshal Haig to-night.

The British line held absolutely, but at various points the Germans gained a foothold in the French positions only to be driven out later from the greater part of this territory.

The Belgians also repulsed heavy attacks, inflicting severe casualties on the enemy.

The statement says: "Following a bombardment of great intensity, the French and British positions from the neighborhood of Meteren to Zillebeke Lake were violently attacked this morning by large hostile forces.

Attacks were made also upon the Belgian positions north of Ypres, and fighting of great severity developed rapidly on the whole allied front.

Enemy Losses Enormous.

"The 25th, 49th and 21st British divisions completely repulsed every attempt made by the enemy to enter their positions, and, despite a constant succession of determined attacks in great strength, maintained their line intact. The enemy's losses have been very heavy.

"The French positions on the hills about Sherpenberg and Mont Rouge also were heavily attacked and the enemy was repulsed. At points where the enemy's infantry succeeded in penetrating a short distance into the French positions they were immediately driven out by counter-attacks from the greater part of the ground of which they had temporarily gained possession.

"On the Belgian front the attacks also were repulsed after sharp fighting in which severe casualties were inflicted on the enemy.

"The fighting still continues at certain points along the allied battle fronts.

"On the remainder of the British front there is nothing to report beyond the usual artillery activity on both sides. The weather prevented air operations Sunday."

#### SOLDIERS MAY CLOSE 90 LEXINGTON SALOONS.

Lexington, Ky., April 30.—The sending here next week of 400 drafted men from Tennessee may cause the closing of ninety saloons in Lexington under the law that no saloons may be operated in a city within a half-mile radius of an army encampment. The Tennesseans are to be trained in mechanical and engineering work at the University of Kentucky, which is situated near the center of the city. The actual encampment will be at the Kentucky Trotting Horse Breeders' plant which is just within the city limits. There are 106 saloons in the city.

#### NOTICE TO FARMERS.

No more tobacco will be received at the A. C. A. warehouse until there comes a general season. The receiver and grader have gone to their homes and will not return until a general season, when all the tobacco can be brought in and the season's business closed up.

#### CHINESE CAPTAIN SAYS CHINA TO HELP IN WAR

An Atlantic Port, April 29.—Capt. Ting Chia Chen, military counselor to the President of China, and also the Chinese Minister of War arrived here to-day on a French steamship. He said that China now is sending troops to France to fight for the Allies.

Capt. Ting, who is a graduate of the United States Military Academy at West Point, for some time has been in Europe as a military observer in the war theater for his Government.

"China is preparing to do her part in making the world safe for democracy," he said to-night. "It is true that China has troops now on the way to the battlefield, and it is the calculation of the Peking Government to have no fewer than 40,000 fighting men with the French by

early summer. I have just left France, and there remained behind me ten other Chinese officers whose duty it will be to select training camps in France for Chinese troops."

The Captain added that there is a spirit among the Chinese people that Prussianism must be suppressed for the good of mankind and the advance of civilization.
